

Press release

New General Manager at Techem

Ulrich Fischer takes on the responsibility for the „International Markets“ business division

Eschborn, 8 January 2009 With effect of 6 January 2009, Ulrich Fischer (43) has been appointed general manager of Techem Energy Services GmbH. In this capacity, he takes on the responsibility for the International Markets business division.

Ulrich Fischer joined Techem in mid-2004 and has since successfully headed the northern region. He has many years of experience within our industry. After finishing his studies in building services engineering, Ulrich Fischer was able to gather experience at ista as a product manager, branch manager and head of marketing. During this time he also worked on various international projects.

Host Enzelmüller, the Chairman of Techem AG, welcomes the development: „For Techem, the further expansion of the international business is one of our most important strategic business objectives. All the more we are pleased to have been able to recruit an experienced manager for this demanding task from within our own ranks. We wish Ulrich Fischer a good start and much success with his new task“.

About Techem

Techem is a leading global energy services provider for the housing and property industry in the fields of measuring, allocating and billing data on energy, water and cooling consumption. Techem helps customers use natural resources effectively and so reduce costs in over 25 countries.
